

CAA Determination of same independent level of checking of compliance through an equivalent system of approvals of organisations under Article 4 (1A) UK Reg (EU) 1321/2014

CAA Decision pursuant to Article 76 UK Regulation (EU) 2018/1139 to adopt AMC to UK Reg (EU) 1321/2014

DECISION No. 23

Publication date: 23 December 2022

Decision enabling the recognition of maintained aircraft parts which have been released to service by a Civil Aviation Authority of Singapore Approved Aircraft Component Maintenance Organisation

Background

1. The Civil Aviation Authority (CAA) has established a Technical Arrangement on Maintenance¹ with the Civil Aviation Authority of Singapore (“**CAAS**”) under the provisions of Article 90(2) of Regulation (EU) No 2018/1139 as retained (and amended in UK domestic law) under the European Union (Withdrawal) Act 2018 (“**UK Reg (EU) 2018/1139**”). This Working Arrangement provides for (reciprocal) acceptance of component maintenance performed by maintenance organisations approved by CAAS.
2. The CAA has determined that the CAAS system includes the same independent level of checking compliance as provided by the UK system under Regulation (EU) No 1321/2014 as retained (and amended in UK domestic law) under the European Union (Withdrawal) Act 2018 (“**UK Reg (EU) 1321/2014**”). Pursuant to Article 4 (1A) **UK Reg (EU) 1321/2014**, the CAA has discretion to consider whether maintenance organisations approved under Part 145 of the Singapore Airworthiness Requirements have demonstrated the capability to maintain aircraft components, such that a CAAS Form (AW)95, Authorised Release Certificate issued by Organisations located in Singapore can be considered to be equivalent to a CAA Form 1 Authorised Release Certificate.
3. The provisions of this decision may only be used when a CAAS Form (AW)95 is issued in accordance with the Technical Arrangement on Maintenance established between the CAA and the CAAS.

¹ [Technical Arrangement on Maintenance \(TA-M\) between the United Kingdom Civil Aviation Authority and Civil Aviation Authority of Singapore](#)

Decisions

1. The CAA, pursuant to Article 4 (1A) of **UK Reg (EU) 1321/2014**, has determined that the Republic of Singapore's component maintenance approvals system provides the same independent level of checking compliance as the system in the United Kingdom.
2. The CAA, pursuant to Article 76 **UK Reg (EU) 2018/1139**, has decided to clarify in Acceptable Means of Compliance ("**AMC**") that a CAAS Form (AW)95 Authorised Release Certificate issued by a CAAS Part 145 approved organisation for maintained parts is considered equivalent to a CAA Form 1 Authorised Release Certificate.
3. This Decision will remain in force as long as the aforementioned Working Arrangement remains in effect or until it is revoked or amended by the CAA.
4. The AMC attached at Schedule 1 to this Decision came into force on 31 December 2022.

Definitions

All references to *Regulations* are to the UK law bearing that title or number, being EU retained law as retained (and amended in UK domestic law) pursuant to the European Union (Withdrawal) Act 2018.
