7. With effect from 1 April 2016, the Licensee shall submit a Compliance Certificate to the CAA within four months of the end of the Licensee’s financial year in one of the following forms:

(a) Certificate 1C

“After making enquiries, the Licensee’s directors consider that, at the time of their approval of this certificate, the Licensee is in compliance in all material respects with all of the obligations imposed on it by Condition 17 (Provision of information to the CAA for regulatory purposes), Condition 5 (Availability of resources and Financial Ring Fencing) and Condition 9 (Prohibition of cross-subsidies).”

or

(b) Certificate 2C

 - (b) the directors of the licensee consider that any adverse factors that caused them to give the CAA a Compliance Certificate in the form of under paragraph 3(b), 3(c), 5(b) or 5(c) and referred to in that certificate have materially worsened.

Certificates for the CAA in relation to dividends

- 8A. Subject to paragraph 8D, the directors of the Licensee shall not declare or recommend a dividend, and the Licensee shall not make any other form of distribution within the meaning of sections 829, 830, 849 and 850 of the Companies Act 2006, or redeem or repurchase any share capital of the Licensee, unless before declaring, recommending, or making the distribution, redemption, or repurchase (as the case may be) the licensee has given the CAA a Compliance Certificate that complies in all respects with the two requirements set out in paragraphs 8B and 8C.
- 8B. The first requirement is that the Compliance Certificate shall be in the following form:

“After making enquiries, the directors of the Licensee are satisfied:

- (a) that, at the time of their approval of this certificate, the Licensee is in compliance in all material respects with all of the obligations imposed on it by Condition 17 (Provision of information to the CAA for regulatory purposes), Condition 5 (Availability of resources and Financial Ring Fencing) and Condition 9 (Prohibition of cross-subsidies); and
 - (b) that the making of a distribution, redemption, or repurchase of [value] on [date] will not, either alone or when taken together with other circumstances reasonably foreseeable at the date of this certificate, cause the Licensee to be in breach to a material extent of any of those obligations in the future.”
- 8C. The second requirement is that the Compliance Certificate shall have been approved by the Licensee’s board of directors not more than 14 days before the date on which the declaration, recommendation, or payment is to be made.
- 8D. The Licensee need not give the CAA a Compliance Certificate of the type required by paragraph 8A in circumstances where:
 - (a) during the six months preceding the declaration or recommendation of a dividend, the making of any other form of distribution or the redemption or repurchase of share capital, it has given the CAA a Compliance Certificate in the form of Certificate 1C under the requirement set out in paragraph 7 of this Condition; and
 - (b) that certificate includes an appropriate addendum using the wording given at paragraph 8B(b) of this Condition.
- 8E. Where the Compliance Certificate given under paragraph 8A, or relied upon under paragraph 8D, relates to the declaration or recommendation of a dividend, the Licensee is under no obligation to issue a further Compliance Certificate before paying that dividend so long as such payment is made within six months of the date on which the Compliance Certificate was given.

 - (i) the collection of route charges on behalf of other air traffic service providers pursuant to an international agreement;
 - (ii) activities required by any contract with the CAA or with the Crown related to services required by the Licence;

- (b) the aggregate amount of all investments by the Licensee in the businesses described in sub-paragraph 12(a)(vi) above does not at any time exceed one per cent of the share of capital in issue, share premium and consolidated reserves of the Licensee as shown by its most recent audited historic cost financial statements then available.

The Licensee shall, as

soon as reasonably practicable, provide to the CAA a copy of any executed written instrument, agreement or document giving effect to any such Consent. The provisions of this Condition 5(14)(b) shall not apply to any Consent which will not cause a material increase in financial risk to the Licensee;

- (c) promptly notify the CAA in writing upon becoming aware of any default (howsoever described) under the finance documents other than:

 - (ii) any default in respect of which the CAA has received notice of a Variation under Condition 5(14)(a) or a Consent under 5(14)(b);
- (d) promptly notify the CAA in writing upon becoming aware of any event of default or trigger event (howsoever described) under the finance documents;
- (e) notify the CAA in writing at the same time as any party under the finance documents is notified, of the occurrence of any event of default in relation to third parties;

Disposal of Relevant Assets and Indebtedness

15. The Licensee shall not:

- (a) dispose of any interest which it holds in; or
- (b) relinquish operational control which it has over

any relevant asset otherwise than in accordance with the following paragraphs 16 to 20 of this Condition.

16. Save as provided in paragraph 17, the Licensee shall give to the CAA not less than three months' prior written notice of its intention to dispose of or relinquish operational control over any relevant asset, and shall supply such further information as the CAA may reasonably request relating to such asset or the circumstances of such intended disposal or relinquishment of control or to the intentions of which the Licensee is aware or could reasonably be expected to make itself aware in regard thereto of the person proposing to acquire such asset or operational control over such asset where that asset is to remain a relevant asset.
17. Notwithstanding paragraphs 15 and 16, the Licensee may dispose of or relinquish operational control over any relevant asset:
- (a) where
 - (i) the CAA has issued directions for the purposes of paragraphs 16 to 20 containing a general consent (whether or not subject to conditions) to:
 - (aa) transactions of a specified description; or
 - (bb) the disposal of or relinquishment of operational control over relevant assets of a specified description; and
 - (ii) the transaction or the relevant assets are of a description to which such directions apply and the disposal or relinquishment is in accordance with any conditions to which the consent is subject; or
 - (b) where the disposal or relinquishment of operational control in question is required by or under any enactment or subordinate legislation.
18. Notwithstanding paragraph 15, the Licensee may dispose of or relinquish operational control over any relevant asset as is specified in any notice given under paragraph 16 in circumstances where:
- (a) the CAA confirms in writing that it consents to such disposal or relinquishment (such consent not to be unreasonably delayed, but which may be made subject to the acceptance by the Licensee or any third party in favour of whom the relevant asset is proposed to be disposed or operational

control is proposed to be relinquished of such conditions as the CAA may reasonably specify); or

- (b) the CAA does not inform the Licensee in writing of any objection to such disposal or relinquishment of control within the notice period referred to in paragraphs 16.

19. Without prejudice to paragraphs 15 to 18, the Licensee shall not without the written consent of the CAA (such consent not to be unreasonably delayed) after the disclosure of all facts of which the Licensee is aware and reasonably considers to be material:

- (a) create any mortgage, charge, pledge, lien or other form of security or encumbrance of whatsoever form, undertake any indebtedness to any other person or enter into any liability in respect of any obligation of another person in any such case otherwise than:
 - (i) on an arm's length basis;
 - (ii) on normal commercial terms;
 - (iii) for a Permitted Purpose; and
 - (iv) if the transaction is within the ambit of paragraph 15, in accordance with paragraphs 17 and 18;
- (b) transfer, lease, license or lend any sum or sums, asset, right or benefit to any affiliate or related undertaking of the Licensee otherwise than by way of:

- (vii) an acquisition of shares in conformity with paragraph 10 made on an arm's length basis and on normal commercial terms;
- (c) enter (directly or indirectly) into any agreement or arrangement with any affiliate or related undertaking other than on an arms length basis, and on normal commercial terms;
- (d) subject to sub-paragraph 19(f) below, enter into an agreement or incur a commitment incorporating a cross-default obligation; or
- (e) subject to sub-paragraph 19(f) below, continue or permit to remain in effect any agreement or commitment incorporating a cross-default obligation subsisting at the date of the coming into effect of this Licence,
- (f) no written consent of the CAA shall be required under sub-paragraph 19(d) or 19(e) (as the case may be) in circumstances where the cross default obligation in such agreement or commitment is a restatement of a cross default obligation to which the CAA has given its written consent (which is subsisting) under paragraph 19 and the potential liability of the Licensee is not increased thereby;

which in each case causes a material increase in risk to the Licensee whether assessed alone or with any other such transactions as have occurred or are intended.

20. The provisions of sub-paragraph 19(d) and (e) shall not prevent the Licensee from giving any guarantee permitted by and compliant with the requirements of sub-paragraph 19(a).

Ultimate Holding Company Undertaking

21. The Licensee shall procure from each company or other person which is at any time an ultimate holding company of the Licensee a legally enforceable undertaking in favour of the Licensee in the form specified by the CAA that that ultimate holding company ("the Covenantor") will:
- (a) refrain from any action, and procure that every subsidiary of the Covenantor (other than the Licensee and its subsidiaries) will refrain from any action, which would then be likely to cause the Licensee to breach any of its obligations under the Act or this Licence;
 - (b) promptly upon request by the CAA (specifying the information required) provide to the CAA (with a copy to the Licensee) information of which they are aware and which the CAA reasonably considers necessary in order to

enable the Licensee to comply with this Licence.

Such undertaking shall be obtained within seven days of the company or other person in question becoming an ultimate holding company of the Licensee and shall remain in force for so long as the Licensee remains the holder of this Licence and the Covenantor remains an ultimate holding company of the Licensee.

22. The Licensee shall:

- (a) deliver to the CAA, within seven days of obtaining the undertaking required by paragraph 21, a copy of such undertaking;
- (b) inform the CAA as soon as practicable in writing if the directors of the Licensee become aware that the undertaking has ceased to be legally enforceable or that its terms have been breached; and
- (c) comply with any direction from the CAA to enforce any such undertaking; and shall not, save with the consent in writing of the CAA, enter (directly or indirectly) into any agreement or arrangement with any affiliate or related undertaking of the Licensee where there is a breach of the Licensee's obligations under paragraph 22 of this Condition in respect of which the CAA has taken steps to issue an order for securing compliance under the Act by publishing a notice under Section 22 of the Act.

Credit rating of Licensee

23. The Licensee shall use all reasonable endeavours to ensure that the Licensee maintains at all times an investment grade issuer credit rating.

Financial Indebtedness

24. The Licensee shall use its reasonable endeavours to ensure that at 31 March and 30 September of each year (each a "measurement date") the total amount of Gearing (defined in paragraph 29) of the Licensee and any related undertakings, shall not exceed 65 per cent.

25. If, despite the reasonable endeavours of the Licensee, Gearing of the Licensee and any related undertakings, exceeds 65 per cent at the measurement date, or its best estimate for Gearing at any of the next four measurement dates exceeds 65 per cent, which in itself would not constitute a contravention of a licence condition for the purpose of section 20 of the Act, and the Licensee has not obtained the written consent of the CAA to that limit being exceeded, then the Licensee and any related undertakings:

- (a) may not without the prior written consent of the CAA (following disclosure of

all material facts) declare or pay dividends and may not transfer, lease, license or lend any sum or sums, asset, right or benefit to any affiliate, otherwise than by way of:

- (i) payment properly due for any goods, services or assets in relation to commitments entered into prior to the date on which the circumstances described in paragraph 25 arise, and which are provided on an arm's length basis and on normal commercial terms;
 - (ii) a transfer, lease, licence or loan of any sum or sums, asset, right or benefit on an arm's length basis, on normal commercial terms and where the value of the consideration due in respect of the transaction in question is payable wholly in cash and is paid in full when the transaction is entered into;
 - (iii) repayment of, or payment of interest on, a loan which was contracted prior to the date on which the circumstances in paragraph 25 arise, provided that such payment is not made earlier than the original due date for payment in accordance with its terms;
 - (iv) further loans to employees in respect of the £25 million facility provided by NSL to the licensee for the purpose of funding employee relocation property transactions; and
 - (v) payments for group Corporation Tax relief calculated on a basis not exceeding the value of the benefit received, provided that the payments are not made before the date on which the amounts of tax thereby relieved would otherwise have been due;
- (b) shall,
- (i) within two months of the measurement date or other such time periods as the CAA may reasonably notify as being appropriate in the circumstances, provide to the CAA details of the steps the Licensee intends to take to reduce the Gearing to 65 per cent or below or such other level that has been authorised by the CAA;
 - (ii) within six months of the measurement date or other time periods as the CAA may reasonably notify as being appropriate in the circumstances take those steps; and
 - (iii) within time periods as the CAA may reasonably notify as being appropriate in the circumstances provide to the CAA evidence that it has taken those steps.

- (c) If at any time the Licensee, in its reasonable judgement, becomes aware of any circumstance that:
- (i) means it is no longer complying with paragraph 25(a) and 25(b); or
 - (ii) causes it to have the reasonable expectation that it is no longer likely to comply with paragraph 25(a) and 25(b);

then the Licensee shall notify the CAA immediately in writing of that fact or expectation together with a written statement, with such accompanying evidence if applicable, setting out any explanation of circumstances that have caused or are likely to cause it no longer to comply, together with such further or amended steps that the Licensee proposes to take and the time period in which it proposes to take such steps, to reduce the Gearing to 65% or below. Upon receipt of such statement and any accompanying evidence, the CAA shall determine, acting reasonably, and upon further inquiry of the Licensee if appropriate, whether such further or amended steps and time periods are acceptable.

- (d) If such further or amended steps are acceptable, sub-paragraph 25(c) shall apply to those steps in the same way that it applies in relation to sub-paragraph 25(a) and (b).
- (e) If the further or amended steps proposed by the Licensee pursuant to sub-paragraph 25(c) are not acceptable to the CAA, the CAA shall, within 15 working days of the notification by the Licensee under sub-paragraph 25(c), either notify the Licensee of such alternative steps and the relevant time periods that it considers appropriate in the circumstances or notify the Licensee of its intention to invoke sections 20 and 21 of the Act in relation to the steps notified by the Licensee pursuant to sub-paragraph 25(c).

26. The Licensee shall:

- (a) provide from time to time as reasonably requested by the CAA and in any event within 25 business days of a measurement date:
- (i) in respect of the measurement date to which it relates, the value of Gearing and its best estimate of Gearing on each of the four subsequent measurement dates;
 - (ii) for the four subsequent measurement dates, confirmation that it is not aware of any circumstances which will result in Gearing being above 65 per cent or prevent it complying (where applicable) with

paragraph 25, or if the Licensee is aware of any such circumstances disclosure of those circumstances; and

(iii) if so requested by the CAA, the financial model in support of that confirmation;

(b) provide from time to time as reasonably requested by the CAA and in any event within 25 business days of 31 March every year:

(i) its best estimate of expected average Gearing over the period from 1 January 2023 to 31 December 2027 as a whole (as a simple arithmetic average of the ten measurement dates within that period); and

(ii) an explanation of any difference between expected average gearing in paragraph 26(b)(i) and the monitoring threshold level of gearing of 60 per cent;

27. The Licensee may request a temporary lifting or suspension of the gearing requirements of paragraph 24 and 25. The request will set out the full explanation of the reasons for the request and details of the steps the Licensee intends to take to reduce the Gearing to 65 per cent or below.

28. For the purposes of paragraphs 24 to 27 of this condition:

“Gearing” means Financial Indebtedness of the Licensee and related undertakings divided by the Value of the RAB of the Licensee and related undertakings and expressed as a percentage

“Financial Indebtedness” means, at any time, the aggregate amount of all obligations of the Licensee and related undertakings for or in respect of Borrowings at that time but:

(a) excluding any such obligations to any related undertaking;

(b) excluding any such obligations in respect of any New Shareholder Injections to the extent they constitute Borrowings;

(c) including the RPI Swap Liability;

(d) in the case of Finance Leases only, including their capitalised value; and

(e) deducting the aggregate amount of Cash and Cash Equivalent Investments held by the Licensee and related undertakings.

“Borrowings” means, at any time, the aggregate outstanding principal, capital or

nominal amount (and any fixed or minimum premium payable on prepayment or redemption) of any indebtedness of the Licensee and related undertakings for or in respect of:

- (a) moneys borrowed and debit balances at banks or other financial institutions;
- (b) any acceptances under any acceptance credit or bill discount facility (or dematerialised equivalent);
- (c) any note purchase facility or the issue of bonds, notes, debentures, loan stock or any similar instrument;
- (d) any lease or hire purchase or instalment credit agreement entered into primarily as a method of raising finance or of financing the acquisition of the asset leased;
- (e) receivables sold or discounted (other than any receivables to the extent they are sold on a non-recourse basis and meet any requirements for de-recognition under the relevant accounting principles);
- (f) any counter-indemnity obligation in respect of a guarantee, bond, standby or documentary letter of credit or any other instrument issued by a bank or financial institution in respect of an underlying liability of an entity which is not a related undertaking which liability would fall within one of the other paragraphs of this definition;
- (g) any amount raised by the issue of shares which are redeemable (other than at the option of the issuer) or are otherwise classified as borrowings under the relevant accounting principles;
- (h) any amount of any liability under an advance or deferred purchase agreement if (i) one of the primary reasons behind the entry into the agreement is to raise finance or to finance the acquisition or construction of the asset or service in question or (ii) the agreement is in respect of the supply of assets or services and payment is due more than 30 days after the date of supply;
- (i) any amount raised under any other transaction (including any forward sale or purchase agreement, sale and sale back or sale and leaseback agreement) having the commercial effect of a borrowing or otherwise classified as borrowings under the relevant accounting principles; and
- (j) (without double counting) the amount of any liability in respect of any guarantee or indemnity for any of the items referred to in paragraphs (a) to (i)

above.

“Cash” means, at any time, cash denominated in Sterling or euros (or in a currency which is readily available and freely convertible into Sterling) in hand or at bank and (in the latter case) credited to an account in the name of the Licensee or any related undertakings with a bank or financial institution which has a rating for its long-term unsecured and non credit-enhanced debt obligations of at least either A- granted by Standard & Poor’s Rating Services or A3 granted by Moody’s Investor Services Limited (or a comparable rating from an internationally recognised credit rating agency) to which the Licensee or related undertaking is beneficially entitled and for so long as that cash is repayable on demand (or within 30 days of a demand) without condition.

“Cash Equivalent Investments” means:

- (a) marketable debt securities with a maturity of one year or less which has a credit rating of at least A-1 granted by Standard & Poor’s Rating Services or P-1 granted by Moody’s Investor Services Limited (or a comparable rating from an internationally recognised credit rating agency) to which the Licensee or related undertaking is beneficially entitled;
- (b) any other authorised investment made by the Licensee or related undertaking as permitted by the terms of the Licensee’s finance documents from time to time,

“RPI Swap Liability” means the aggregate amount of the Licensee’s liabilities, if any, under any index-linked hedging arrangements to which it is a party at the relevant measurement date calculated in accordance with the financial ratio definitions and calculations in the Licensee’s finance document.

The CAA will consider but is under no obligation to accept any amendment to the definition of Financial Indebtedness proposed from time to time by the Licensee, but recognises the advantages of the definition being as similar to the equivalent definition in the Licensee’s finance documents.

For the duration of the charge controls set out in Conditions 21, 21a and 22, the

definition of financial indebtedness under the licence has not changed. This definition excludes lease liabilities that have been generally been classified as debt since 1 April 2019 as a result of a change to the accounting treatment of operating leases.

The CAA may vary the definition of Financial Indebtedness from time to time, as it considers reasonable, in order that it is consistent with the economic substance of indebtedness for the purposes of this condition.

“Value of the RAB” means

- (a) at 31 December each year, the value of the Licensee’s assets calculated in accordance with the Regulatory Accounting Guidelines, prepared in accordance with Condition 6 of this Licence, in force at the applicable time; and

Condition 8: Requirement for mandated independent directors and corporate governance

1. Where potential conflicts exist between the interests of the Licensee and those of any affiliates or related undertakings of the Licensee, the directors of the Licensee, in discharging their responsibilities as directors of the Licensee shall act independently of the interests of any affiliate or related undertaking of the Licensee and ensure that they have regard exclusively to the interests of the Licensee.

In this condition such directors are referred to as “mandated independent directors”.
3. A mandated independent director shall:
 - (a) be a natural person;

 - (c) not have any executive duties within the Licensee’s business; and
 - (d) be of sufficient standing to ensure that directors of the Licensee, in discharging their responsibilities as directors of the Licensee, act independently of the interests of any affiliate or related undertaking of the Licensee and ensure that they have regard exclusively to the interests of the Licensee.

- 6. For the purposes of sub-paragraphs 5(a) and 5(c) respectively:

- 7. The Licensee shall notify the CAA of the names of its mandated independent directors appointed pursuant to paragraph 2 within 14 days of the date on which they are appointed.
- 8. The terms of appointment of each mandated independent director shall include a condition stipulating that both the Licensee and the appointee will use their best endeavours to ensure that the appointee remains independent during his term of office, having particular regard to the criteria set out in paragraphs 3, 4 and 5.
- 9. A term of appointment for a mandated independent director may not be for longer than eight years, but an individual may be reappointed thereafter provided that he continues to meet the criteria set out in paragraphs 3, 4 and 5.
- 10. The Licensee shall notify the CAA in writing within 14 days if any mandated independent director is removed from office or resigns, giving reasons for the removal or (to the extent that they are known to the Licensee) the resignation. - 11. If at any time the Licensee has fewer than two mandated independent directors because of a removal or resignation or other reason (including death or incapacity), the Licensee shall use reasonable endeavours to ensure that a new director is, or new directors are, appointed to fulfil the obligation in paragraph 2 as soon as is reasonably practicable to bring the number of mandated independent directors up to at least two.

 - (b) clearly distinct, and held at a separate time, from any meeting of the board of directors of any associate of the Licensee.
13. Paragraph 2 shall not have effect where and to the extent that the CAA consents otherwise. The CAA may grant such consent where it considers that the corporate governance arrangements applicable to the Licensee provide equivalent assurance to the CAA in relation to any potential conflicts between the interests of the Licensee and those of any affiliates or related undertakings of the Licensee as if the mandated independent directors required by paragraph 2 had been appointed. Any consent granted by the CAA pursuant to this condition may be on such terms as the CAA considers appropriate in all the circumstances.
14. Nothing in this condition shall be construed as requiring any director of the Licensee to act in a manner that is not consistent with that director's legal obligations as a director.

Each business plan report shall also include information on the performance of the Licensee against its obligations in Condition 2(1)(a) of this Licence.
7. The Licensee shall be subject to a financial incentive in respect of the efficiency of its capital expenditure programme. The financial incentive shall be based on whether the Licensee has incurred any demonstrably inefficient and/or wasteful capital expenditure and shall be carried out following the criteria set out in a regulatory policy statement produced by the CAA. Any penalty shall be calculated using the principles set out in the regulatory policy statement and will be applied in the next reference period.
8. The Licensee shall be subject to a financial incentive in respect of the quality of its engagement on its capital expenditure programme. The incentive shall be based on the following assessment criteria:
- (a) the timeliness of information the Licensee provides to Users, including the provision of early warning and explanation of factors that may put planned delivery timelines at risk, the extent to which the information and mechanism of delivery is focused on the priorities and resource constraints of Users so that it is clear and accessible, the provision of early warning and explanation of factors that may put planned delivery timelines at risk, the extent to which the information enables changes to the capital expenditure programme to be traced from one consultation to another and the proportionality of the information to the materiality of change under consideration;
- (b) the range of reasonable options that the Licensee engages on with Users that might be adopted where practical, including the need for those options and the outcomes and benefits that the Licensee is seeking to deliver, opportunities provided for engagement and scrutiny of those options and the impact of those options on operational expenditure;

The process that the CAA shall use to assess the Licensee's performance against the engagement incentive and determine the level of penalty (if any) to be applied shall be set out in a guidance document published by the CAA.

9. The CAA may appoint an Independent Reviewer to report on the Licensee's delivery of and engagement on its capital expenditure programme. The reports shall:

The CAA may publish the reviews, assessments and reports of the Independent Reviewer. Unless the CAA directs otherwise, the Independent Reviewer will be paid for by the Licensee.

10. The form, scope and level of detail of the Licensee's plans referred to in this Condition shall be as reasonably approved by the CAA and shall take into account the views of Users consulted in accordance with Condition 16.

11. Subject to paragraph 12, the Licensee shall make available a copy of the latest business plan, business plan report, service and investment plan and interim service and investment plan to any person who requests a copy of such plan or report.
12. The Licensee may with the prior consent of the CAA (provided that such consent is not unreasonably withheld or delayed) omit from any document made available under paragraph 11 any details as to the terms of any agreement between the Licensee and any User, or other information disclosure of which the Licensee satisfies the CAA, or the CAA otherwise considers, would seriously and prejudicially affect the commercial interests of the Licensee or any third party.
13. The Licensee may make a charge for any copy document given or sent pursuant to paragraph 11 of an amount reflecting the Licensee's reasonable costs of providing such copy document.
14. In this Condition:

“Plan Renewal Date” means 31 December 2027, or such other date the CAA shall reasonably specify following consultation with the Licensee, and every fifth anniversary thereof.
